VORTEX™ HIGH TEMPERATURE VACUUM HOSE

VORTEX

VORTEX™ HIGH TEMPERATURE VACUUM HOSE

Vortex™ high temperature vacuum hose is a platinum cured silicone hose. Manufactured to the highest standards, from specially developed material, designed for minimal heat shrinkage and no free silicone particle contamination.

Vortex™ high temperature vacuum hose is extremely durable and its flexibility makes handling safe and easy, with no sharp features preventing cuts to personnel or materials.

Vortex™ high temperature vacuum hose is rated to 270°C or 500°F. Standard colours are green or red and the hose is also available in black, blue and yellow.

VORTEX™
VACUUM HOSE -
EXTRUDED

Premium standard product suitable for high temperature applications

VORTEX™
VACUUM HOSE -
GLASS FIBRE REINFORCED

Tough, durable hose ideal for industrial high temperature environments

VORTEX™
VACUUM HOSE -
KEVLAR/ARAMID REINFORCED

Superior specification providing maximum durability, robustness and high tear resistance. Designed for demanding high temperature Aerospace environments.
